

monitoring wells from the landfill boundary;

3. Compliance with the protocols for testing and analyzing ground water for constituents listed in Appendix II to Part 258;

4. Compliance with the procedures for notifying the Department of Environmental Protection about explosive levels of landfill gas;

5. Compliance with the protocols for conducting inspections to detect the presence of hazardous waste and procedures for reporting results of such inspections; and

6. Compliance with the minimum design standard for alternative landfill cover.

The Massachusetts Department of Environmental Protection will update the permits of existing municipal solid waste landfills scheduled to remain open after the effective date of 40 CFR Part 258, to assure compliance with current state requirements. The Commonwealth of Massachusetts is not asserting jurisdiction over Tribal land recognized by the United States government for the purpose of this notice. Tribes recognized by the United States government are also required to comply with the terms and conditions found at 40 CFR part 258.

Region I notes that Massachusetts's receipt of federal financial assistance subjects the Commonwealth to the statutory obligations of Title VI of the Civil Rights Act of 1964. EPA Region I is committed to working with the Commonwealth to support and ensure compliance with all Title VI requirements. Furthermore, the narrative portion of the Commonwealth's application expresses Massachusetts's voluntary support of environmental justice principles in the management of the Subtitle D program. Although this is not a criterion for program approval, Region I acknowledges Massachusetts's support of environmental justice principles.

Section 4005(a) of RCRA, 42 U.S.C. 6945(a) provides that citizens may use the citizen suit provisions of Section 7002 of RCRA, 42 U.S.C. 6972 to enforce the Federal MSWLF Criteria set forth in 40 CFR Part 258 independent of any State/Tribal enforcement program. As EPA explained in the preamble to the final MSWLF criteria, EPA expects that any owner or operator complying with provisions in a State/Tribal program

approved by EPA should be considered to be in compliance with the Federal Criteria. See 56 FR 50978, 50995 (October 9, 1991).

Today's action takes effect on the date of publication. EPA believes it has good cause under Section 553(d) of the Administrative Procedure Act, 5 U.S.C. 553(d), to put this action into effect less than 30 days after the publication in the **Federal Register**. All of the requirements and obligations in the Commonwealth's program are already in effect as a matter of state law. EPA's action today does not impose any new requirements that the regulated community must begin to comply with. Nor do these requirements become enforceable by EPA as federal law. Consequently, EPA finds that it does not need to give notice prior to making its approval effective.

Compliance With Executive Order 12866

The Office of Management and Budget has exempted this notice from the requirements of section 6 of Executive Order 12866.

Certification Under the Regulatory Flexibility Act

Pursuant to the provisions of 5 U.S.C. 605(b), I hereby certify that this approval will not have a significant economic impact on a substantial number of small entities. It does not impose any new burdens on small entities. This notice, therefore, does not require a regulatory flexibility analysis.

Authority

This notice is issued under the authority of Sections 2002, 4005 and 4010(c) of the Solid Waste Disposal Act as amended, 42 U.S.C. 6912, 6945 and 6949a(c-c).
